DECEMBER 3, 2025

Kintyre Holdings (JA) Limited (KNTYR) – Acquisition of Kulcha Rum

Kintyre Holdings (JA) Limited ("Kintyre Holdings" or "the Company") advises that it has completed the acquisition of **Kulcha Rum,** including the full commercial operations, trademarks, and product portfolio associated with the brand.

Kulcha Rum is currently produced under contract at a facility located on Pechon Street, Downtown Kingston, and is distributed nationally through Miracle Corporation, with additional distributors to be appointed as part of the brand's growth strategy.

The acquisition was completed through the purchase of the business from **Mr. Richard Lee,** owner of Miracle Corporation, and **Mr. Peter Bovell,** Jamaican entrepreneur. Kulcha Rum will now operate under Kintyre Holdings' newly established **Spirits Division,** supporting the Company's broader expansion into the **Jamaican rum and spirits industry.**

Kulcha Rum's product offerings include White Rum, Gold Rum, and a cannabis-inspired flavour variant developed using herbal flavour notes and fully compliant with Jamaican regulatory requirements.

This acquisition comes amid a record-breaking nine-month financial performance for the period ended September 30, 2025, and forms part of the Company's ongoing merger and acquisition initiatives.

Further updates will be provided as the parties plan a press conference around this acquisition, at which additional details will be discussed.
