RJRGLLEANER Communications Group
May 4, 2026

On May 1, 2026, RJRGLLEANER Communications Group determined that some information technology systems were affected by a cybersecurity incident on its network.

Information security is a top priority for RJRGLLEANER, and the company continues to take appropriate measures to safeguard the integrity of its information technology systems. Upon discovery of the matter, the company activated its incident response protocols, including taking systems offline out of an abundance of caution to secure its network. The company promptly engaged leading international cybersecurity experts under its existing insurance program to support the investigation and remediation efforts.

RJRGLLEANER also implemented its established business contingency plans to maintain operations. The RJRGLLEANER Communications Group has notified relevant authorities and will continue to comply with applicable legal and regulatory obligations.

The company is in the early stages of its investigation and assessment of the event and will continue to evaluate the extent of the impact on operations.

Yours faithfully,

Tara Leevy (Ms.)
Company Secretary/ Senior Legal Officer
